Notes

1. Multi-seat discounts apply to nodelocked and network licenses. Please contact your sales representative for further details details.
2. For a list of available options for each bundle, see the VisualCAM Configuration Matrix.
3. Maintenance is based upon a "12-Month" contract between WISE Software Solutions and the End-User.
4. Each "New" license comes with a "90-Day" warranty period. Upgrades and maintenance renewals do not qualify. Warranty does not allow for product return.
5. Multi-Seat discounts are offered on a "Per Purchase Order" basis.
6. Maintenance may be discounted, according to the schedule on this page, if all maintenance contracts are ordered on a single purchase order.
7. Volume purchase arrangements may be negotiated for certain accounts and must be done directly through WISE Software Solutions.
